Clear Picture Leadership, LLC

a different perspective:
**WHERE IMAGINATION
AND REALITY MEETSM**

Inspiring audiences to set and achieve a clear-picture vision

When you set and achieve a bold vision, your team will exclaim:
"We did it – we *really* did it!"

A visionary and award-winning leader, Jonathan Michael Bowman, Esq. inspires leaders, aspiring leaders, and those seeking personal growth to set a bold, clear-picture vision for themselves, their team, or their entire organization.

In his leadership roles with the Ohio Attorney General's Office, Jonathan honed unique leadership principles based on this fact: *To truly lead others, you must create a clear-picture vision.*

Picturing your destination is the first step to achieve something great

In his keynote presentations, break-out sessions, and workshops, audience members learn how to create a bold vision – a clear picture of a destination – and successfully lead teams to achieve the vision.

Jonathan's passion, leadership experience, and powerful photography motivate individuals, forge teams, and change organizations. Audience members learn how to move teams from "we can't do that" to "we did it – we *really* did it!"

A unique approach on the topic of leadership: Compelling personal stories, proven leadership results, and fine-art photography

Jonathan's enthusiasm, humor, and photographic art fuse into an unforgettable, moving experience. He'll inspire leaders, aspiring leaders, and those seeking personal growth to:

- spark their imagination to create a bold vision;
- share a clear-picture vision so it energizes others;
- achieve remarkable success.

This is where imagination and reality meet: When the vision you have pictured in your mind and shared with others becomes reality.

- Childhood homeless shelter resident
- High school dropout
- Accomplished attorney
- Award-winning, innovative leader
- Fine-art photographer
- Gubernatorial appointee

About Jonathan Michael Bowman, Esq.

Jonathan's proven leadership principles sprang from an impoverished childhood spent in homeless shelters and public housing projects – principles that he tested in high-power legal positions.

His passion and powerful messages stem from three central themes in his life:

1. his professional leadership experience, with proven results;
2. his challenging upbringing, which pushed him to develop leadership principles; and
3. his uplifting fine-art photography, which visually supports his key points.

The common thread uniting these themes is that each area is "picture driven." In each, Jonathan sees the picture in his mind before he achieves it: a clear-picture vision to overcome a leadership challenge, create a better way of life, capture a compelling image.

Inspire leaders and individuals in your organization to set a bold, clear picture vision ... and achieve the remarkable!
