Jonathan Michael Bowman, J.D.
Keynote Leadership Speaker
Clear Picture Leadership®
8917 S. Old State Road #102
Lewis Center, Ohio 43035

Dear Jonathan,

Thank you for presenting before our AAHAM Florida Sunshine Chapter August conference as our keynote speaker. Your presentation on "The Fine Art of People Power" and your humility as a talented speaker was inspiring. I loved the line from Mr. Dunphy, "Don't give up five minutes before the miracle." In life we must find our way as best we can. Inspiration from others is key in our life's journey. Recognition of the good people and messages of wisdom can make a difference in other lives. Sharing your story takes a special person, one who cares about others.

As you know we are only limited by the walls we build to protect ourselves. Life is there waiting for us outside the walls, and by God's grace we find the will to reach our full potential.

Since 1968 this organization has been helping members reach Career goals, enhance knowledge, and create networks of friendships that last a lifetime. As a twenty-six year AAHAM member I can attest to making friends with lots of wonderful professionals, who are dedicated to helping each other, and our new generations coming into to healthcare. Thank you for so eloquently giving your message of perseverance and wisdom in overcoming adversity. What a journey! I wish you continued success. I have asked our national AAHAM Office to add your profile to our national speaker's database so others can hear your story. We have 32 chapters. I hope you meet lots of AAHAM members!

Sincerely Yours,

Marty Lassiter
